

- 1 Two-in-One Tread Pattern for long tread life and greater biting edges. All season grip and quiet ride, and center rib for greater stability.
- 2 Additional Tread Block Siping and Shoulder Slots for improved snow, ice performance, better off road traction, and improved ride comfort.
- 3 Wide Wedge-Shaped Grooves for efficient water drainage and high anti-hydroplaning resistance.
- 4 Multi-Pattern Pitch Variations for low noise and a smooth ride.
