A Tire You Can Count On, Rain or Shine

The ALL-NEW HTR Z5 is a maximum performance summer tire that combines wicked street tuner appeal with superior dry and wet handling at high speeds to deliver the thrills you want and the safety you need.

Equipped with cutting-edge Sumitomo technology, the HTR Z5 helps you get the best out of your modern sports car or performance sedan and maximizes your daily driving experience, especially in wet-weather conditions.

Whether you're battling stop-and-go traffic or cruising along on the open road, the Z5 has the features you need for a luxurious driving experience.

Performance from the Inside Out

FULL-WIDTH NYLON BAND:

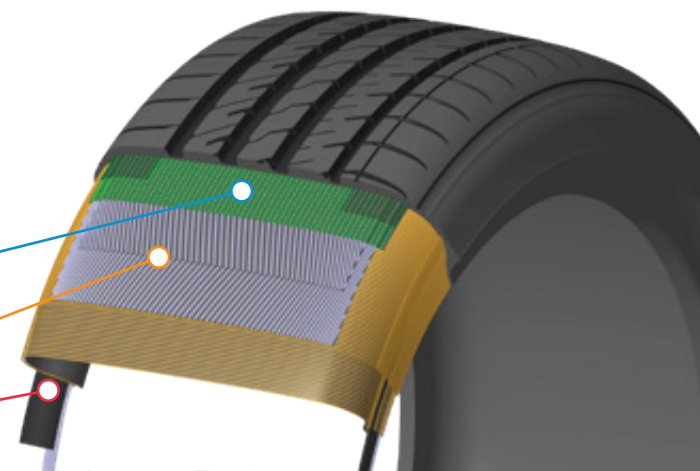

Optimizes high-speed stability

HIGH-RIGIDITY BELTS:

Deliver long-lasting durability

HARD APEX:

Strengthens the sidewall for exceptional cornering stiffness

Next-Level Technology and Design

WIDENED CIRCUMFERENTIAL GROOVES

Evacuate water from the tread area for advanced hydroplaning resistance and enhanced wet traction and braking

INCREASED SHOULDER AND CONTACT PATCH

Ensures even distribution of pressure to prevent irregular wear and improve handling performance

Key Features and Benefits

TOTAL COMMAND IN WET WEATHER

Combining carbon, silica and an exclusive polymer, the Z5's innovative tread compound allows you to drive with confidence on rain-soaked roads.

ADVANCED TREAD COMPOUND

Provides outstanding wet grip, control and braking power

SMOOTH, STABLE RIDE AT HIGHWAY SPEEDS

The Z5's construction delivers optimum tread rigidity, ensuring you feel comfortable and in control every time you get behind the wheel.

EXCELLENT SEGMENT COVERAGE

Available in over 50 sizes from 17"-20" in Y speed ratings.

WARRANTY PROTECTION PROGRAM

Free defect replacement for the life of usable tread.
